

Job Description

Monument Geomatics is a multi-disciplinary firm with expertise in land development services. Located in Belleville, Ontario, Monument is made up of a team of engineers, architects, technologists, and surveyors who take pride in producing quality work and exceeding client expectations.

We are looking for Draftsperson with a BCIN (Building Code Identification Number) with strong technical and design skills to join our team. This is a permanent full-time position. The candidate will be working directly with the Lead Architect on a variety of low to medium scale residential projects.

Required Experience/Qualifications

- BCIN number
- 5+ years' experience with a focus on light wood frame residential projects
- Ability and interest in developing clear, thorough, and thoughtful construction documents and details
- Expertise in AutoCAD
- Experience in Sketchup and Adobe CS Suite is preferred
- Experience in preparing detailed Contract Documents and detailing light wood frame construction
- Experience working with the Ontario building code, and local zoning bylaws.
- Experience working with clients, coordinating consultants, and communicating with local municipalities is considered an asset

Successful candidates must be able to pass a police background check and obtain security clearance.

Monument offers a comprehensive benefits package, RRSP matching and profit sharing.

Competitive Wages based on experience.

Please send your resume and PDF portfolio to info@monumentge.com.

Monument Geomatics is a majority Indigenous owned firm located on the traditional territory of the Wendat, Anishnaabeg, and Haudenosaunee Peoples and directly adjacent to the Kanien'keha:ka (Mohawk) community of Tyendinaga. We are a Certified Indigenous Business with the Canadian Council for Aboriginal Business (CCAB) and committed to strengthening Indigenous communities and building relationships between Indigenous and non-Indigenous businesses and communities.
