

Job Description

Monument Geomatics, renowned in the industry for its commitment to excellence, is expanding its innovative team. We take pride in our collaborative work environment and track record of exceeding client expectations. Now, we are inviting a talented individual to join us as a Survey Lead to contribute to our continued success.

As a Survey Lead you will play a pivotal role in high-profile projects, overseeing field operations, ensuring accurate data collection, and delivering high-quality survey results to our clients. This position is based on a job site in Chalk River, Ontario, and will require the successful candidate to obtain security clearance.

Responsibilities

- Topographic Surveys, Construction Layout, and As-Built Surveys
- Quantity Surveying & Reporting
- Data Prep / 3D Modelling
- Stability Monitoring & Reports
- Drafting Site Plans
- Record and maintain daily field notes with a high degree of detail and accuracy
- Ensure adherence to survey methodologies, safety protocols, and project specifications
- Troubleshoot and resolve any challenges that may arise during field operations

Experience/Qualifications

- Minimum of 5 years of survey experience
- Experience in AutoCAD, Civil3D, TBC (Trimble Business Center)
- Demonstrated experience using Trimble, Topcon, or Leica survey equipment
- Proficiency with computer and survey software applications
- Valid driver's license with clean abstract

Key Attributes

- High level of dependability, technical proficiency, and attention to detail
- Detail-oriented and able to perform multiple tasks efficiently and accurately
- Excellent communication and interpersonal skills for effective client and team collaboration
- A team player who can also work independently to meet deadlines
- Strong time management and organization skills

Monument provides a variety of benefits to our team including:

- Dental care, Extended health care, Vision care
- Highly Competitive Wages
- Group RRSP Matching program
