

## Job Description

Monument Geomatics has a strong reputation in the industry with a focus on Land Development and Construction. Our success is attributed to our innovative team who work collaboratively and take pride in producing quality work and exceeding client expectations.

We are looking for a Survey Technician to join our team. You will be involved in high profile projects, working in the field to complete assignments in an accurate, timely, and efficient manner.

## Responsibilities

- Construction Layout
- Topographic Surveys
- Quantity Surveying & Reporting
- Data Prep / 3D Modelling
- Stability Monitoring & Reports
- Drafting Site Plans
- Maintain accurate, detailed field notes

## Experience/Qualifications

- 2-5+ years preferred
- Experience in AutoCAD, Civil3D, TBC (Trimble Business Center)
- Demonstrated experience using Trimble, Topcon, or Leica survey equipment
- Proficiency with computer and survey software applications
- Valid driver's license

## Key Attributes

- Flexible and highly motivated
- Detail-oriented and able to perform multiple tasks efficiently and accurately
- A team player who can also work independently to meet deadlines
- Strong time management and organization skills
- Good interpersonal, written, and verbal communication skills

Successful candidates must be able to pass a police background check and obtain security clearance.

Competitive Wages based on experience. Comprehensive benefits package, RRSP matching and profit sharing.

Please email your resume along with cover letter to [info@monumentge.com](mailto:info@monumentge.com)
